

ANALYST Notes

Project 8035  
Session D-94  
200900 Oct 80

#1

SG1A

formed hills  
coast line w formed hills squared like  
dikes  
range of mountains to R.

several cement buildings  
not a large city 130,000 people  
3 sections to city  
1 section industrial 45 lge bldgs  
2 tall stacks to R.  
quasi-military ~~sections~~ function

loaf shaped buildings have something  
to do with target

3 loaf shape bldgs fastened together  
and a zig-zag pattern

stack metal pipes in corner of  
yard. some kind of molds

inside giant drill presses; furnace  
type heater blow fire on tubes  
while cut.

Carrier w tubes on it.

something else to loaf shape besides  
building

come inside a cone

## +10 OK, we can go to activity now

large area must to area been describing  
fanning pattern of dirt roads on hills  
heavy vehicles on dirt roads  
diff military unit areas.

NE of city very distinct group of self-  
propelled guns. pointing to south  
east it appears.

light military exercise activity  
simulating armor conflict w/  
tactical moves.  
3 battalions

industrial activity

## +15 Have him focus on one of the military  
units at his discretion, then  
move him thru time.

6 SP guns on tracks

## +16 Have him stay with the SP guns, don't  
let them disappear

231300 hrs - guns in line moving  
WNW

convoy 1188 tank retriever type

## 18 what is character of their activity?  
never mind.

26/300 Oct 80

set up in a hidden side of a small  
"J" shape hill in a depression -  
in a "U" shape  
city is to west:

~~city~~ city is funny - city, then country,  
no suburbs. units in maneuver  
now. maneuvering for fire mass.

OK,  
not  
cut

29/300 Oct 80

2 tracks about 100 mtrs  
empty 55 gal drums next to em  
equip scattered on one side

guys just talking, laying on  
back - temporarily deployed.  
just lounging around. Strong  
feels

some sort of manipulative move

~~AA~~

OK, Mel have him work on that,  
that's very important.

~~AA~~

Have him describe the feelings which  
are not here. He says it is a

Manipulative move,

Security  
live rounds  
fully arms  
forward ground surveillance  
radar.

Not a standard exercise

\* where are the other four guns?

spread out groups of 2

V8th pie shape on NE side of  
city

flash/impression of water line  
to NW of city.

a show of force but why

\*\* examine uniforms, attempt to  
identify -

grey heavy canvas coveralls thick  
brown leather belt  
wrap around buckle boots - brown  
peb cap

Honcho wearing tree branch on l.  
collar w/ spike running thru  
it.

R. collar rosette ?? two side by  
side, possibly over laping a 3d.  
green cap brown w/ black piping  
very old fashioned

+30 \*\* have him focus his attention on the leader's primary concern at this time.

Quality - doesn't want to be there, but he's prof soldier; must do it perceives by doing this military show of force, conducive to continued control - their own control cleaning our house, so to speak. doesn't really think anything occur - waste of time

One other concern - dependability of other people he has with him.

\*\*+35 Have him envision a 36 day bar graph from 291300 Oct 80, determining if the guns return to their unit installation.  
Tape change

\*\* into the future

\*\* make it unit installation

20-21 days into future but not sure all guns go back.

\*\*+36 OK, bring him back now. 21st day people leave but can't see guns leaving

(3)
